Burned by Lightning.

Lightning struck the house occupied by Rev. R. A. Irvin during the storm yesterday afternoon about 3 o'clock and in a short time the building, with nearly all the contents, were in a mass of flames. A tree standing near the house was struck, and the current was conducted to the building by a limb which rested on the roof. As it was raining, what things were carried out are greatly damaged. A light insurance was carried but it will not cover the loss. The house was the property of the Kentucky Union Company and was not insured. The reverend gentleman receives the sympathy of the entire community in his loss. At the same time the residence of D. R. Daniel was struck, the lightning knocking Mr. Daniel to his knees and tearing loose some window casing and some ceiling from the building.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide, and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Swann-Day Lbr. Co.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best Salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c, at Swann-Day Lbr. Co's.

A Fine Rain.

About 2 o'clock yesterday evening one of the best rains fell here that we have had for several weeks, but as we had become so very dry a great deal more is needed yet to completely break the drought.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga. and gave me up. Everybody thought my time had come. Some one who is evidently sore at this place is reeking vengeance by poisoning the dogs. About thirty have already been carted off to the pines, and every breeze is laden with evidence that they are still there. It is hoped that the supply of dogs will hold out until the party is satisfied.

J. C. Potts whose card announcing his candidacy for Circuit Court Clerk appears in this issue of the Herald, is one of our most capable and energetic citizens, and if the people should elect him to the office he asks at their hands, we have no doubt but that he would make them a sober, honest and efficient officer. Clay Potts has been reared in Estill county and is a self-made man, and in all his dealings and relation with our people, he has shown himself upright and trustworthy, and just the kind of our deserving citizens who can always be safely entrusted with public position.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Ahead in Flour?

Well, we should say so! So far ahead that our

Best Patent and Mountain Lily

have become standard brands. There are hundreds of flours to choose from, but the housewives know that MANSFIELD'S is the best. It is milled from the very best wheat on an up-to-date roller mill, run by water power. It is white and has the natural taste and flavor of the wheat berry. That is why we are ahead in flour.

Buy it from your grocer. No greater cost, but much greater value.

ANNOUNCEMENTS.

FOR REPRESENTATIVE.

We are authorized to announce ALBERT EASTER, of Powell county, candidate for Representative of the 73rd Legislative district composed of Estill and Powell counties, subject to the action of the Democratic party.

The Democrats of Clay City met at the court room Monday night discussed the political situation and considered at length the advisability of putting out a full municipal ticket this fall. Every one present favored the movement, and if there was any objection to the action it wasn't manifested at this meeting. A temporary organization was effected in the selection of J. E. Burgher, chairman and Prof. Durrett White Secretary. The assembly adjourned to meet again Thursday night, Sept. 3 to further consider the situation. C. W. Barnett, of the county Democratic committee, in whom is vested the power to call a convention to nominate candidates, will make the call at this meeting if not made before for this time. Let every member of the party come out to this meeting.

J. Clay Potts, of Irvine, has announced as a candidate for the office of Circuit Clerk in Estill county, subject to the action of the Democratic party. Mr. Potts is a deserving gentleman and well qualified to fill the place. He would fill the office with credit to both himself and party, and the prospects for the election of a Democrat in the grand old county of Estill are indeed flattering. Thos. Williams, John W. Tuttle and Frank Edwards are also considered winning material.

The Republican press has it that Governor Beckham pardons criminals on just any kind of an excuse, and have published some letters to the Governor which they claim procured the pardon for a bad criminal. It would also furnish interesting reading if these same papers would publish the letters Taylor received and the petitions presented when he pardoned Powers for complicity in the Goebel murder before he, Powers was either arrested or indicted.

With the state debt paid off during the present administration under a reduced tax rate, with all current claims against the Commonwealth paid in full, with a big treasury and a prospect for a reduced tax rate if the Democratic party is continued in power in the state, what better platform could be constructed, and what excuse can a man have for failing to vote the Democratic ticket.—Lexington Democrat.

Well, we are having plenty of dust this summer. If it does rain, it seems to have but short effect on the blinding dust. Yet, when it rains just rightly and in earnest this dust will be more obnoxious than at present. Don't mention that trouble now, we'll consider our bad roads when they come in their season, then it will be too cold to go about any way, and if we have to get out, we can swim the mud, we are used to it.

Attorney Chas. W. Friend, of Irvine, had a lengthy article in the Estill County Herald last week entitled "A Glance at Conditions—Needed Legislation in Kentucky." It shows that Mr. Friend is thoroughly acquainted with the subject, and has an idea of the State's needs. Mr. Friend is a rising young lawyer of rare ability, and besides, is a worthy gentleman.

Say, Mr. Belknap, the people of Kentucky would like to know if elected Governor, will you pardon Taylor, Jim Howard, Powers and other assassins for the murder of Goebel. You seem to be so down on pardoning criminals, rise up and tell the people how you stand on these cases.

Perhaps the reason Hargis and Callahan did not at once make a search for Marcum's assassin when he was murdered, is they feared Taylor and his militia might be there like they were at the Executive building at the capital a few years ago.

Every Republican editor in the State can tell you all about who commits the murders in bloody Breathitt; they know all about every case. Still they don't know who killed Goebel, though he was shot from a hiding under their own control.

Gov. Beckham will open the campaign at Winchester Saturday, Sept. 5th. The Governor will probably make the only speech during the day. Every Democrat in reasonable distance should go hear him.

The Democrats will have a full municipal ticket in Clay City this fall and you can mark that down in your little day book. It will win too.

Coming Back to Kentucky.

Those Kentuckians who have been thinking about going West should read the following, taken from the Lexington Democrat before they fully decide to go.

"Dozens of families who emigrated to Kansas from this state and settled in the districts along the Missouri river, before the flood last spring, are now moving back to the old homes that they left here. Many of them are almost destitute of clothing so great were their losses by the ravages of the merciless waters that swept away everything that they had when the country was flooded. Yesterday the family of Bragg Heaton, who went to Kansas from this county several years ago, returned home. They lost everything they had, even their home was swept away, and they barely escaped with their lives. Mr. Heaton comes back to Kentucky to try to recuperate his fortune."

Dr. Miles' Nervine Cured Me.

When the nervous system has been shattered by the use of deadly drugs there is nothing to equal Dr. Miles' Nervine in restoring it to health and normal activity.

"I feel so grateful for what Dr. Miles' Restorative Nervine has done for me that I must tell it for that part of humanity that suffers as I have. During the three years I suffered from nervous prostration I found no relief except when doctors gave morphine. To get rid of suffering I took morphine myself as it was the only thing that would give ease, and now you, who point with scorn at morphine using, how could you, when in such agony, knowing it about the only thing that would give relief, resist it? I knew it was a terrible habit and I knew of its deadly grasp, but I never fully realized its significance until I had used it a number of months. Oh, the misery of being addicted to such a habit. I resolved then and there to quit it and resolved I would never be a slave to any such demon. About this time I happened to notice Dr. Miles' Restorative Nervine advertised and ordered a bottle. After using five bottles I can truthfully say I am cured of using morphine. Now, however much persons may doubt it, God is my witness I am cured. This testimonial is unsolicited but I feel it my duty to give it for the benefit of the suffering."—MATTIE PHILLIPS, Prescott, Ark.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all dealers in patent medicine.

"I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by all dealers in patent medicine.

A Sure Cure for Diarrhoea.

Coming as it does, in the busiest season, when a man can least afford to lose time, a sure and quick cure for diarrhoea is very desirable. Anyone who has given it a trial will tell you that the quickest, surest and most pleasant remedy in use for this disease is Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no loss of time when it is used, as one or two doses of it will cure any ordinary attack. It never fails, not even in the most severe and dangerous cases. Prayer Answered.

The people of Olympia, Ky., are very much excited over what they believe is a mark of divine objection to Sunday ball games. Last Sunday while Elder Albert Dawson was holding services a game was begun near the church. The minister raised his voice in prayer for something to stop the game. While the preacher was making his supplication John L. Jackson tried to make a base and a player ran over him, breaking his legs. The game stopped and the religious element was overjoyed.—Winchester Democrat.

BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCKBELL, GA., Jan. 30, 1902.
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent better.

TAROLEUM

A scientific chemical preparation

For Curing Diseases of Horses Feet

Stimulates a natural, healthy growth, removing inflammation and soreness.

TAROLEUM will mix with water in all proportions, consequently does not exclude the natural moisture from the foot. This will be appreciated by thoughtful horsemen. AS A DRESSING.—Paint the feet all over twice a day, and polish with a brush if you want the shine.

HOOF-PACKING.—Wet up a good sized quantity of Oil-Meal with one part of TAROLEUM to six parts of water and bind on the feet. This packing will not only contract the feet quickly, removing the inflammation and soreness.

W. F. YOUNG, JR., Gloucester, Mass., June 21, 1902.
"Dear Sir:—I have used your Taroleum and can say it is all I have needed for a long time. I have used it with almost no packing for horses' feet, and can assure you the results were 100%." Yours truly, J. H. TARR.
